2015 Goals

- To conduct at least 3 or 4 courses at different Universities throughout Chile
- To introduce EIM to medical students and their faculty.

Past Accomplishments

- Have trained over 50 physicians in four Exercise Prescription courses over the past two years. The first course was held in April 21st, 2012 in Santiago de Chile. After this, through the creation of the program —*Dale acción a tu vida* 3 morer courses were delivered in October 21st 2012, January 3rd 2013 and March 10th 2013, respectively. In total, 37 participants received an approval certificate.
- Formed alliances with the National Institute of the Chilean Government
- Received funding from Coca-Cola
