Universidade de Lisboa

National Center Manager

Host Institution – University of Lisbon (Faculty of Human Kinetics)

The Universidade de Lisboa is a public research university in Lisbon, and the largest university in Portugal. It was founded in 2013, from the merger of two previous public universities located in Lisbon, the former University of Lisbon (1911-2013) and the Technical University of Lisbon (1930-2013). The newly founded University is largest and highest ranked University in Portugal.
