2015 Goals

- To begin offering continuing medical education (CME) courses for healthcare providers following the model currently in use in Latin America.
- To be one of the first international sites to pilot the comprehensive integration of the EIM Solution into a local Puerto Rican healthcare system.
- Present EIMPR at the Annual Meeting of the College of Physician and Surgeon of PR at the Medical Family Medicine Annual Convention and at the Medical General Practitioner Annual Convention.
- Installment of EIMPR in over 40-45 municipalities around the island.

Past Accomplishments

- Signing of the National Center MOU on October 30, 2014. In attendance for the signing were the City Mayor of San Juan, the Undersecretary from the Department of Health, the Health Advisor to the Puerto Rican Governor, and representatives from the EIM Global Center.
- Installation of two Pilot Groups, Lajas and Mayaguez Certification of members of the Task Force and others members done on December 2014.
- Initial conversation with Coca-Cola company in P.R. for sponsorship of the Puerto Rico Chapter
