Host Institution – The Japanese Association of Exercise Therapy & Prevention

The Japanese Association of Exercise Therapy and Prevention (JAETP) will serve as the host institution for the EIM Japan National Center. The role of the JAETP is to promote and contribute to the progress of interdisciplinary research in medical and sport sciences to prevent and treat chronic diseases.

2017 Goals

- Increase the number of physicians and healthcare providers that have received EIM training and are actively engaged in the assessment, prescription and counseling of physical activity in healthcare systems.
- Increase the number of health and fitness professionals that have received EIM training and/or are certified by the EIM Japan National Center and are actively engaged in providing guidance to individuals based on the core EIM principles.
- Integrate physical activity as a vital sign and implement principles of EIM into hospitals and healthcare systems throughout Japan.
- Increase the exposure of EIM to University and other educational campuses through the expansion of the EIM on Campus initiative.
